

Cesar Lopez

Business Analyst | Data-Driven Problem Solver

Edinburg, TX • 956-376-3945 • celopez1995@gmail.com • linkedin.com/in/ceezertheking • github.com/MidnightGato • cesarlopez.co

SUMMARY

Business Analytics student and independent SaaS founder with hands-on experience turning raw data into actionable insights. Skilled in SQL, Excel, Tableau, and Python. Proven track record of identifying patterns, building dashboards, and delivering solutions that improve business decision-making. Bilingual English/Spanish, learning Japanese.

EXPERIENCE

Founder & Business Analyst | Gato Business Intel LLC (Legacy Analytics)May 2026 – Present

Rio Grande Valley, TX • Independent SaaS Product

- Built and launched Legacy Analytics, a bilingual business analytics SaaS for family-owned businesses using Next.js, TypeScript, Supabase (PostgreSQL), and Recharts.
- Designed a data model spanning 7 analytics tools (sales, expenses, cash flow, tax tracking, funding, succession, reviews) with row-level security and automated feature provisioning.
- Conducted market research with local RGV business owners, translating qualitative feedback into product features and go-to-market strategy.
- Developed a business health score algorithm evaluating 8 operational vitals to help owners prioritize improvements.

Bilingual Quality Service Associate | Conserve (IRS Contractor)May 2025 – May 2026

Remote

- Analyzed taxpayer financial situations across 100+ accounts monthly to identify resolution strategies and repayment options.
- Identified patterns in financial documentation and case history to recommend compliance outcomes, improving resolution efficiency.
- Conducted investigative research and skip-tracing across multiple internal systems while managing bilingual (EN/ES) communications.

Escalation Supervisor / CSR | Advanced Call Center TechnologiesJan 2025 – May 2025

McAllen, TX (Remote)

- Promoted to Escalation Supervisor within two months, managing complex cases for a California state benefits program.
- Analyzed account transactions to identify discrepancies, unauthorized activity, and fraud indicators.
- Documented recurring case trends and collaborated with internal teams to improve resolution workflows.

Operations Manager | CRH PrintsAug 2021 – Dec 2024

Elsa, TX

- Managed operations for a print manufacturing business: production scheduling, budgeting, vendor management, and B2B sales.
- Built pricing models and project cost trackers in Excel to support profitability decisions and quote generation.
- Monitored sales performance, inventory, and operational costs; used data to guide purchasing decisions and reduce waste.
